

## Infinite Campus

Infinite Campus is the district's student data management system. This system has a wide variety of features for maintaining data related to attendance, academic achievement, behavior, meal accounts, etc. as well as providing various means of communication between the school and families. This form highlights one of the communication features. The building secretary from your child's school will provide information regarding Infinite Campus parent/guardian accounts at, or following, enrollment in August.

## Messenger

Infinite Campus Messenger is a tool that allows school personnel to send notices via email and text to Infinite Campus users concerning:

- School cancellations
- Grade cards, newsletters, and monthly school menus
- Upcoming academic event reminders
- Low or negative meal account balances
- Important district-wide and building-level announcements

All Infinite Campus parent portal users are automatically registered for Infinite Campus Messenger. Please complete the information required below. Print your email address clearly, distinguishing between a zero "0" and the capital letter "O"; the number "1" and the lower-case letter "l".

### **ONLY ONE EMAIL ADDRESS CAN BE SELECTED PER PARENT**

|                              |                    |
|------------------------------|--------------------|
