

AllWrite Consensus

In teams, students take turns responding orally and/or by writing

- 1 Teacher poses a problem to which there are **multiple** possible responses or solutions, and provides think time.
- 2 Each student has a sheet of paper.
- 3 First student shares their idea. Teams discuss.
- 4 If consensus is reached, then all students record that idea on their own sheet.
- 5 Students **DO NOT** pass papers.
- 5 Process is repeated by next student.
- 6 Can do the RoundRobin more than once.
