

Swap Talk

Students circulate, trading cards to introduce their new partners to their prior partners.

Steps

- 1** Students each create a card with information to share (e.g., facts about themselves; facts about a famous person; science or history facts).
- 2** Students StandUp–HandUp–PairUp.
- 3** Each student share his/her information with a partner.
- 4** Students trade cards, thank their partners, and put a hand up to find a new partner.
- 5** Each student shares his/her new card info with a new partner (e.g., “I need to introduce you to Susie [pointing to her]...” “What you need to know about my famous person is...”)
- 6** The process is continued until the teacher calls, “Stop,” or “Time is up.”

Ideas For My Class
